### If you think the name is different... meet the woman!

Velia is one of the most entertaining keynote speakers and MCs you will ever meet. She is real! As a courageous communicator she believes communication is one of the most underrated leadership skills.

Velia believes in a future where communication aptitude is required not just desired.

Velia inspires and transforms audiences through laughter, offering practical and valuable solutions to everyday situations. Often referred to as a people whisperer Velia is passionate about working with leaders to lift their confidence and capability and to strengthen their leadership through improved communication.

Audiences respond to her honesty and openness. She engages audiences with her passion and shared experiences whether it is a stage, virtual or hybrid presentation. People love her stories because they can relate and they appreciate the valuable take-aways. Audiences walk away from Velia's presentations richer for the experience.
